United Technologies Corp. is a leader in the global building and aerospace businesses. Our company was founded by some of the world’s greatest inventors. Our more than 200,000 employees continue their commitment to innovation. Our large investments in technology enable us to develop new and improved ways to keep people safe, comfortable, productive and on the move. By combining a passion for science with precision engineering, we create smart, sustainable solutions that prove we can do the big things the right way.

Our commercial building businesses comprise Otis, the world’s leading manufacturer of elevators, escalators and moving walkways; and UTC Climate, Controls & Security, a leading provider of heating, ventilating, air-conditioning, refrigeration, fire and security systems, and building automation and controls. Our aerospace businesses consist of Pratt & Whitney aircraft engines and UTC Aerospace Systems. We also operate a central research organization that pursues technologies for improving the performance, energy efficiency and cost of our products and processes.
